

# V-drive

## Comfort

The V-Drive system simplifies your movements with a manual wheelchair. The V-Drive takes over from your pushing assistant. Taking a steep hill or inclinations, road bumps or just a small journey outside... all this is ideal for the V-Drive.

Standard version for people up to 135 kg (weight chair included)  
H.D. version for people up to 200 kg (weight chair included)

## Assembly

A very simple installation for the left or right side mounting of the V-Drive. Disassembly of your V-Drive for transport inside your car can be done in a minute.

Disconnect the battery pack and the driving system and you are ready to go.

*New height adjustment to keep the motor horizontal*

Delivered in a transport bag

standard	390-480	6 km/h	8°	15 km	2 x 12 V 12 Ah	150 W	21	135
H.D.	500-600	6 km/h	8°	15 km	2 x 12 V 12 Ah	200 W	17,4	200

Sizes in mm, weight in kg. Deviations in sizes and weight (15 mm, 1,5 kg and 1,5°) are possible.
